

# ***CAPA Update***

March 15, 2017

Dave Ruppel—CAOA

# CAOA Purpose

CAOA serves the common interests of the owners, operators and users of the 74 public use airports in Colorado. We provide a unified voice for airport operators to State and Federal agencies and legislators, on proposed or pending legislation and regulations. It further provides an opportunity for the exchange of information between airports and promotes and encourages the public's understanding of the value of aviation and airports to communities. We cooperate with local governments and organizations for the betterment of aviation, to promote safety and the development of airport facilities.

# Current Activities

- Winter Conference and Legislative Reception
- Spring Conference-Glenwood Springs
- Website Improvements
- Membership

# Legislative Issues

- **Blended Airspace, Request for AIP Eligibility**
- **Request for Modernizing the Passenger Facility Charge (PFC)**
- **Request for Multi-Year AIP Reauthorization Bill**
